

Dr. Wolfgang S P A H N
CTO

Born: 05.06.1965

Place of birth: Werneck/Germany

In 1997, Dr Wolfgang Spahn gained a PhD in optical devices at Julius-Maximilian University in Würzburg, Germany. In 1998, he moved to Alcatel Corporate Research Center in Stuttgart, working on optical networks. From 2000 to 2001, Dr Spahn headed the office of the management board at Alcatel Components Division in Stuttgart and Paris as Assistant to the Board. From 2001 to 2006 he held various posts at RFS in Hanover, initially as Director Global Product Management & Business Development, from 2002 as Director Global Development & Product Management and from 2004 to 2006 as Executive Vice President, Product Line Manager for Base Station Antennae.

Dr Spahn has been CTO for Research and Development at KEYMILE since 2006.
